DISCUSS

Pretend that you work in a shop selling food. What would you
say to a customer who came into your shop?

2. Dressed for work

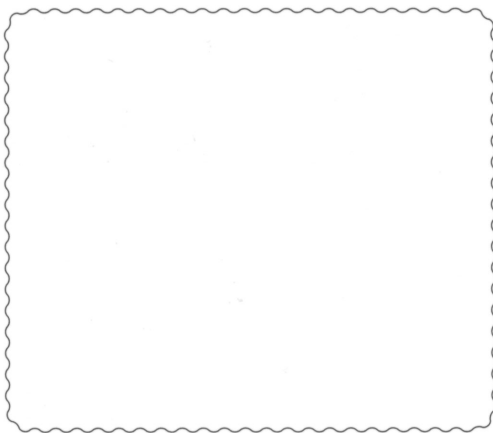

Look at the uniforms in the case.

Did men or women wear these uniforms? Which one do you like best?

What uniform would you wear in your shop? Draw it in the box.

3. What would you like?

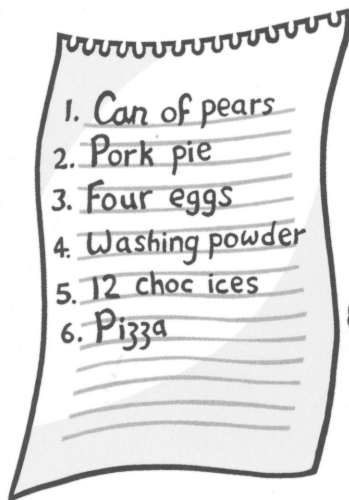

Find a long case of objects.

It is against the wall behind the uniforms.

Pretend that a customer has come into your shop with this list. Put a tick beside each item when you have found it in the case.

Do you like to eat any of the things on your shopping list?
What is your favourite food?

4. How much would you like?

Find two big weighing scales.

They are in a case near a model of a large store.

This animal was sometimes found on scales like the pink ones.

What do you think the scales were called?
Circle the right answer.

TIGER CAT LION

Where do you put the food on the pink scales?
What do you put on the other side of the scales?
How do you weigh food using the green scales?

5. A free gift

Find the case with the packets of tea in it.

It is next to the seating area.

Find the fairy tale story cards. These were given away free with tea in the past.

Which three fairy tales can you see cards for?
What is happening in the pictures?

Think of a story card to give to your customers. Write the title or draw a picture of one of the characters in the box.

6. Top tiles!

Find a panel with the name J. SAINSBURY written across it in big blue letters.

It is on a wall next to some tiles.

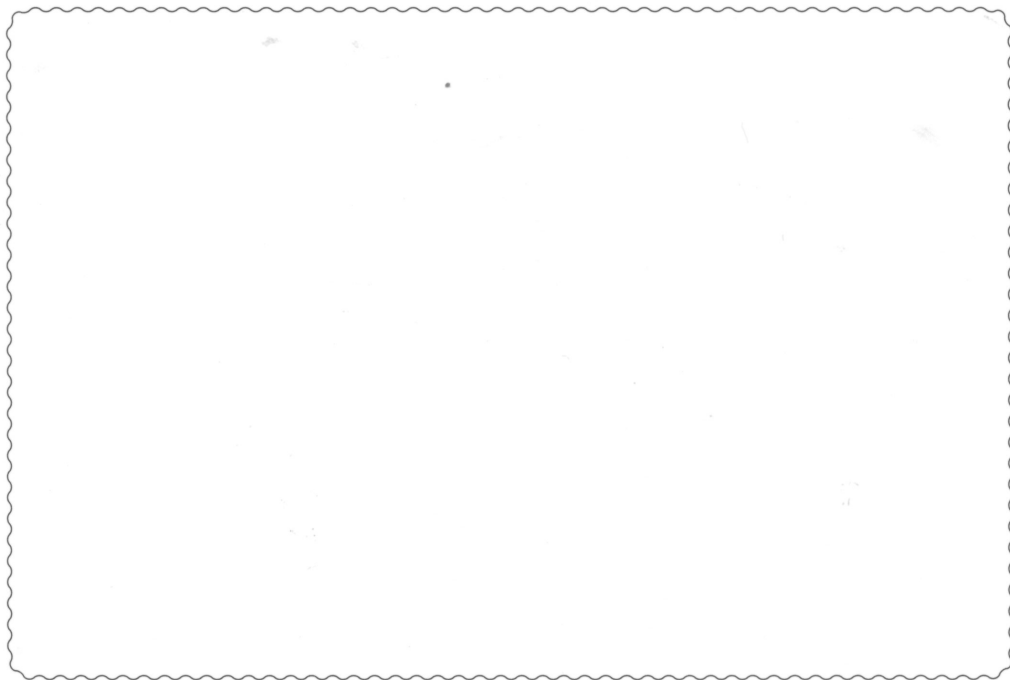

What is the panel made out of?

What pattern would you have on a panel in your shop?

Draw your pattern in the box.
