

## Term List 2: Basic interpretation terms

Description	Code
coffin	C
construction debris	CD
cellar, basement, undercroft, crypt, icehouse, etc	CE
ditch, drain, gully, sewer, culvert, water supply/drain	D
destruction debris (redeposited)	DB
destruction debris (in situ)	DS
external bank	EB
external cultivation	EC
external dump	ED
external metalling, cobbling, road metalling	EM
external occupation	EO
pasture, parkland	EP
external revetment	ER
external surface (no cultivation)	ES
external unspecified	EU
furnace, oven, kiln, fireplace, flue, chimney, stokehole	F
floor	FL
grave cut	G
grave (multiple occupancy)	GM
hearth	HE
mechanical fixtures and fittings, machinery, wiring, gas piping	ME
make up, levelling	MU
natural strata (unspecified)	N
natural wind-blown deposit	NA
natural alluvial channel deposit	NC
natural erosional feature	NE
natural foreshore deposit	NF
natural marsh deposit	NM
natural alluvial overbank	NO
natural soil (unspecified)	NS
occupational debris	OC
pit (unspecified)	P
pit cess	PC
pit cooking	PK
pit ossuary	PO
pit quarry	PQ
pit refuse	PR
positive structural feature (not walls), steps, post-pad, pier, column	PS
pit storage	PT
roof ceiling	RO
structural cut	S
surface erosion (interface or cut)	SE
skeleton	SK
non-structural cut	SN
structural opening, door, window, arch	SO
structural cut (post hole)	SP
structural timber	ST
sump, water collection pit	SU
tree hole, bole	TH
timber (not in situ)	TI
well	W
wall, sill	WA

worked stone (not in situ)	WS
unknown	XX
