Ash Event Productions is a supplier of creative and technical requirements for all types of events. Our range of services include architectural, ambient, stage and dancefloor lighting, as well as PA systems set and staging and AV equipment and support. We help clients put on impressive, successful and memorable events by providing first class crew and equipment. Being a Kent based company we have significantly lower overheads compared to some of the London Based companies. This means we can offer good value and cost effective solutions without compromising on the quality of our service. The company ethos is to provide a personal and professional service from initial enquiry to when the last guest leaves.

The Broadsword Group supplies technical equipment and services to the live event industry. We work with you to make sure your event looks and sounds perfect.

From the outset, we will use our creative approach to arrive at the best use of technology to realise your ideas and give your guests an outstanding experience.

ABOUT US

Established in 194, Event Concept is a leading London based event agency specialising in design and production.

Providing the full spectrum of event services, we transform venues into inspiring event spaces, irrespective of size, scale and time restraints.

Working directly with some of the worlds best known consumer brands and corporate companies along with a variety of PR, Advertising, Marketing, Event Management and Experiential agencies, we are one of only a select few full-service production agencies in the UK that boast the in-house equipment and infrastructure to offer Lighting, Audio, Video Set & staging, Floral design & styling and furniture directly to clients without the need to outsource.

These internal departments work together from our warehouses to cover each element, ensuring you benefit from a streamlined planning process and competitive costs to produce your event.
