Wedding gifts from the Museum of London

A perfect wedding is all about details. To make your day even more perfect take a look at the great jewellery, decorations and unusual favours specially selected by the museum. We can assist you with gifts for your bridesmaids and for/from your guests. If you would like to receive more information please contact us on weddings@museumoflondon.org.uk.

A passion for weddings

The Museum of London is a stunning venue, with a selection of beautiful and unique settings for your wedding. Whether you are planning an intimate ceremony or a large-scale reception we can assure you and your guests of a truly amazing experience.

Located in the heart of the City of London, the museum provides an incredible historical backdrop for your special day. There are endless options to choose from with our contemporary and flexible galleries and suites.

Exchange vows in the splendour of recreated 18th century Pleasure Gardens, beneath a lit pagoda and twinkling stars. Host your drinks reception in the immersive Victorian Walk, followed by a wedding breakfast in the People's City gallery, next to the Selfridge's gilded bronze lift from 1928 and an original 1903 London taxi.

Or choose the chic and stylish Terrace Rooms with their own private garden and patio area with a grand old Horse Chestnut tree as its centrepiece.

The Sackler Hall is ideal for larger weddings and has a show-stopping LED ellipse that runs around the whole room. It can display a sky of lights, a swaying chandelier matched to your colour theme, names of guests, words of congratulations or something completely bespoke for you.

Our dedicated wedding co-ordinators understand how important it is to make sure every detail is perfect. We will use our experience of the museum, as well as our knowledge of food and drink, and other special touches to create a wonderful occasion that you will cherish forever.
